12 hours theory (4x3h)	N/A	110 €	Collective

\*each evening / weekend / holiday 2h class will be increased by 8 € per class

### Practice classes modalities

Practice classes are given by 2 hours, from Monday till Friday 8am till 8pm and Weekends morning from 9am till 1pm (only in French). Practice courses may be cancelled or rescheduled without any cost up till 2 working days prior to the scheduled date and time.

You are covered by our insurance and our responsibility. During the lessons the driving school and instructor are responsible. Our insurance company covering the civil responsibility for our cars has committed not to pursue students in case of accidents.

This insurance clause (and other points like payment conditions and your cancellation options) will be confirmed by writing in a contract that will be signed when you come for registration.

### Choice of automatic or manual gearbox

We propose practice classes in both manual or automatic cars with no extra fees. During your formation, you may switch from manual to automatic (and vice versa) according to the same planning modalities (notifying us at least two working days in advance).

### Payment conditions

Courses must always be paid in advance. For a reservation of more than 2 hours, we ask a minimum advance payment of 300 €, followed by new payments at the pace the courses will take place.

### Registration

For registration, you may send us a mail or come to our office with your id card, your certificate of having succeeded the theory exam (in case it applies to you), and your temporary driving license (in case you had already obtained one) and the advance payment. For more information don't hesitate to contact us.
